Education:

Springfield Midlands Midwest, Springfield

September 2021 – To Date

Software Development NFQ LVL 8

1st year: GPA = 64.50

Modules and subjects covered:

- Data Essentials: 64%
- Computer Mathematics: 86%,
- Website Development Fundamentals: 55%,
- Interpersonal Skills: 72%,
- Computer Organisation and Architecture: 62%,

Commented [MC1]: Curriculum Vitae – not necessary
Too much waster white- space
Make the mobile number hyperlink
Springfield is enough of an address

Commented [MC2]: MySQL, PHP, HTML, CSS, JavaScript –
attention to details

Commented [MC3]: Reads like a statement of intention,
more for a covering letter

Commented [MC4]: Not a clear separation of profile
statement and skills

Commented [MC5]: Don't categories
Soft skills and communication skill really should be indicated
in your profile statement
Link to GitHub

- Introduction to Programming: 61%.

Commented [MC6]: No one CARES!
Grades are an attachment to your CV if the reviewer wants to look further.
Huge amount of wasted white-space. Use columns
GPA is wrong/ get rid anyway
